Hi Derek,

Thank you for providing the tracking for the 1st system. Do you have an update on the second one that was to be shipped to Las Vegas?

In regards to your question, we are just asking you to purchase the device and provide it to us so that we can test its compatibility with our KfB device. We are not asking CPro to provide or do anything other than that.

Please let me know if you have additional questions or concerns.

Thanks,

Christopher Berrett | Sr. Program Manager

I wanted to ask for a little more context on what exactly is being asked of Clear Pro when it comes to these gate guard devices. I was in Las Vegas with Gerry a few weeks ago and the way he explained what is happening with Gate guard Temen devices had me a little concerned. I want to know if Im opening up Clear Pro to any sort of unnecessary risk? Also here is the tracking from the first device I sent a few weeks ago.

I just determined that there was only one device in the box from Gate Guard. I am sending the one that they did send me to the address #1 until the second gate guard device arrives.
